Petition to be presented to the Cornwall Inshore Fisheries Conservation Authority (CIFCA)

All clubs have received an advice regarding the petition available at tackle shops and other venues frequented by anglers throughout the county.

The petition requests the prohibition of all entanglement, enmeshing, and surround netting in Cornish waters inside the 10 meter depth contour as per chart datum.

This will provide protection for our estuaries and beaches, potting and hook and line fishing (recreational and commercial) will not be affected.

We need as many anglers as possible to sign the petition which will be presented to CIFCA which is funded by you so take this opportunity to have your say.
