

CFSA Shore Fish of the Month Final.

Results judged against one day competition weights.

Fished on Sunday, 27th September 2015

Overall, 9 anglers returned to the scales with some reasonable fish caught on the day. This was no doubt helped by the excellent fishing conditions - light easterly winds, blue skies, calm seas and a large tide.

Well done to all those that caught and weighed fish, especially those that were in the prizes. Cheques will be forwarded by post to relevant club secretaries in due course. The prize fund is obtained from those clubs who pay the FOM levy and distributed fairly across the 5 anglers recording the best specimens down the line.
